

# TANYA'S DANCE COMPANY

## dance journey

### Parent Tot, Creative Movement, Tumbling Tots, Kinderdance & Kinder Hip Hop

This program nurtures our youngest students ages 18 months to 7 years. They learn self-confidence, musicality, and locomotor skills along with basic dance technique in a positive environment.

#### Recreational Program Ages 7 & Up

**This program is optimal for students who:**

- Prefer to take only 1-2 classes per week
- Prefer a schedule that leaves time for other activities
- Utilize dance for sports cross training
- Desire one time stage performance at recital

*Note: This program delivers the same high quality instruction as the competition program without the commitment of taking the full schedule of required competition classes.*

#### Competition Program Ages 7 & Up

**This program is optimal for students who:**

- Are excited about committing to the art and discipline of overall dance technique
- Attend all level required classes in your chosen discipline (jazz/lyrical, hip hop and/or tap)
- Prefer a block schedule where the classes are scheduled back-to-back certain nights of the week
- Want to gain experience by attending additional workshops throughout the year
- Aspire to do multiple performances, competitions and workshops per year

**Note: Both programs are the same monthly tuition as well as costumes. Competition program has additional fees during season such as competition registration, travel (hotel, gas or airfare, food) and team warm-ups/make-up.**
